About Me

CSE undergraduate with a strong interest in IT, networking, and emerging technologies. Eager to apply my technical knowledge, problem-solving abilities, and communication skills in a hands-on IT environment while continuously developing as an IT professional.

Work Experience

Intern - Content Writing Department, Youth School for Social Entrepreneurs | Remote

June 2026 - Present

- Completed assigned content writing, social media, blog, and subteam tasks consistently while meeting deadlines.
- Developed polished writing and content creation skills, including feature image design using Canva.
- Recognised as Spotlight of the Month (June 2026) for consistent performance and contributions.
- Actively participated in departmental competitions, contributing to the winning team in The Absurd Argument Debate Competition as part of the research crew.

Department Leader - Content Writing Department, Let's Spark BD | Remote

March 2026 - June 2026

- Led and coordinated the Content Writing Department, assigning tasks, setting deadlines, and ensuring the timely completion of departmental activities.
- Created, reviewed, and edited written content for campaigns, projects, events, and organizational communications while maintaining quality and consistency.
- Guided and supported department members by providing feedback, content direction, and assistance to improve their writing and research skills.
- Collaborated with other departments and organizational teams to develop content strategies and support promotional campaigns, social initiatives, and events.
